Patient or Substitute Decision Maker				
<ul> <li>I have the right to decide whether</li> </ul>	to accept the proposed health ca	are, and I have the right	to change my mind at a	ny time, even after signing.

- My Health Care Provider explained the following about the proposed health care:
  - a. What it is,
  - b. Why it is needed and how it might benefit me,
  - c. The likelihood of the health care succeeding,
  - d. What risks and side effects are possible,
  - e. What other choices I have, and
  - f. What might happen if I do not have the health care.
- I had a chance to ask questions, and I understood the answers given. I have all the information I need to decide whether to accept the health care.
- I understand and agree to the following:
  - a. During my procedure, if an issue that needs immediate addressing is discovered and I am not able to consent, my Health Care Provider may perform additional procedures required to address that issue.
  - b. Other Health Care Providers may perform or assist in the test, treatment, procedure or operation. Trainees will be directed or overseen by my Health Care Provider.
  - c. As the facility is a teaching environment, students or trainees may observe my procedure unless I say no.
  - d. My Health Care Provider may send removed tissue, body fluids, or implants to the laboratory for study and/or use it for teaching or research purposes in accordance with privacy laws - this does not include placental retention.
  - e. If a medical device is inserted, for my safety, my personal information will be shared with the device's supplier.
  - f. If a health care worker is exposed to my blood or bodily fluids, I will be tested for certain blood borne illnesses. Positive results will be reported to Public Health if required.
  - g. If I am consenting as a Substitute Decision Maker I must communicate with the patient regarding their wishes and make decisions according to their prior known capable wishes, or if unknown, in their best interest.

I,	(print name), consent to the propo	sed health care as described in Section 1.
Note: If virtual or telephone consent was obtained or	riginally, the patient must be asked to sign this form when they	arrive on site for health care.
